Assessment Requirements for DEFEXO112

Detect, record and collect evidence

Release: 2

Assessment Requirements for DEFEXO112 Detect, record and collect evidence

Modification History

Release 2. Modifications made to Foundation Skills and Assessment Conditions.

Release 1. This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages.

This unit supersedes and is equivalent to DEFEO722A Detect, record and collect evidence.

- Unit code updated
- Content and formatting updated to comply with the new standards
- All PC transitioned from passive to active voice
- PC 3.2 removed
- PC 1.4 and 1.5 merged
- Elements 2 and 3 merged

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and includes:

- applying resource management
- applying time management
- handling exhibits and preserving continuity of evidence
- making decisions and solving problems in relation to items of evidence
- using specialised evidence recording equipment

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and includes:

- basic knowledge of:
 - application and limitations of forensic investigative techniques
 - legislative, policy, and quality system context in which forensic examinations are conducted
 - legislative, policy, and quality system requirements for the collection, preservation, continuity and disposal of evidence
 - role and functions of other forensic discipline specialists in recording, collecting, preserving and continuity of physical evidence
- Operational knowledge of:
 - legislative, policy and quality system requirements for the security, protection and

preservation of the evidence

- legislative, policy, and quality system requirements for search and the seizure of evidence
- range of techniques available for recording, collecting, packaging and preserving evidence
- required documentation for recording and collecting of evidence

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
