**Release: 2**

# DEFEXO113 Remove explosive ordnance from damaged aircraft

## Modification History

Release 2. Modifications made to Foundation Skills and Assessment Conditions.

Release 1. This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages.

This unit supersedes and is equivalent to DEFEO721A Remove explosive ordnance from damaged aircraft.

- Unit code updated
- Content and formatting updated to comply with the new standards
- All PC transitioned from passive to active voice. Unit title changed to better reflect unit outcomes
- PC 2.6 removed

## Application

This unit describes the skills required to remove explosive ordnance from damaged aircraft. These removal operations can be conducted under a variety of conditions, including wartime, peacekeeping, in support of the civilian community/authority, as part of a joint services and/or coalition operation and also in training. The damaged aircraft can be friendly, enemy or of unknown origin.

This unit applies to those required to remove explosive ordnance from damaged aircraft.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently and supervise others, using discretion and judgement and taking responsibility for the quality of their outputs. They would perform complex tasks in a range of contexts that could be unpredictable.

No licensing, legislative or certification requirements apply to unit at the time of publication.

## Pre-requisite Unit

Not applicable.

## Competency Field

Explosive Ordnance

## Unit Sector

Not applicable.

## Elements and Performance Criteria

### ELEMENTS

Elements describe the essential outcomes.

### PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- |  |  |
|--|--|
| <b>1 Prepare for removal operations</b>  | <p><b>1.1</b> Collect, store and check for presence and serviceability equipment, tools and stores required for removal operations</p> <p><b>1.2</b> Brief personnel required to participate on their duties and advise of their responsibilities</p> <p><b>1.3</b> Establish and maintain liaison with other agencies</p> <p><b>1.4</b> Conduct planning prior to arrival at scene</p>  |
| <b>2 Conduct render-safe procedures/disposal and removal of explosive ordnance</b> | <p><b>2.1</b> Locate and identify explosive ordnance and associated components</p> <p><b>2.2</b> Identify and prepare equipment, tools and stores required to remove, dispose of/render explosive ordnance safe</p> <p><b>2.3</b> Advise controlling authority of safety and evacuation requirements</p> <p><b>2.4</b> Determine and plan method of conducting removal, disposal/render-safe procedure</p> <p><b>2.5</b> Operate equipment in accordance with current instructions</p> <p><b>2.6</b> Inspect explosive ordnance and immediate area and declare safe or plan alternate disposal operation</p> |
