Assessment Requirements for DEFEXO116 Control military explosive operations

Release: 3

Assessment Requirements for DEFEXO116 Control military explosive operations

Modification History

Release 3. Assessment Conditions clarified in relation to simulation being an assessment option.

Release 2. Modifications made to Foundation Skills and Assessment Conditions.

Release 1. This unit was released in DEF Defence Training Package release 1.0 and meets the Standards for Training Packages.

This unit supersedes and is equivalent to DEFEO704C Control military explosive ordnance operations.

- Unit code updated
- Content and formatting updated to comply with the new standards
- All PC transitioned from passive to active voice
- Unit title changed to better reflect unit outcomes
- PC 2.3, 2.7, 3.5 and 4.1 removed
- PC 1.2 revised, PC 2.6 and 3.3 reworded
- Element 4 two new PC

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- allocating appropriate resources
- directing, briefing, coordinating and monitoring personnel
- handling dangerous goods and hazardous substances
- providing reports and appropriate documentation
- using manual handling and team lifting techniques
- using PPE.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include:

- operational knowledge of:
  - characteristics, technical capabilities, effects, employment and limitations of explosives
  - characteristics, technical capabilities, effects, employment and limitations of relevant equipment
  - explosive operation to be performed

- material, personnel skills and other requirements for the operations
- operational environment
- reporting requirements and procedures associated with the operations.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- acceptable means of simulation assessment
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
