Assessment Requirements for DEFEXO141 Prepare firing points

Release: 1

Assessment Requirements for DEFEXO141 Prepare firing points

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- analysing and evaluating information
- preparing and presenting simple reports
- preparing and installing the equipment necessary to prepare proof, trial and experimental firing points
- using PPE
- using manual handling and team lifting techniques
- handling dangerous goods and hazardous substances

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- effect of small arms, other calibre and explosive fire/detonation
- licensing requirements
- organisational guidelines and standards
- proof, trial and experimental tests involving explosive ordnance and weapon systems
- regulatory requirements
- explosive ordnance or weapon systems undergoing testing

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

This unit needs to be assessed in an authorised and licensed potential explosion site or authorised test facility.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
