# DEFFIN019 Provide financial support to materiel acquisition projects

## Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

## Application

This unit describes the skills required to undertake financial support and reporting activities associated with materiel acquisition projects.

This unit applies to those working in the public sector Finance Domain who would be required to undertake financial management activities as part of their duties.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to financial management activities.

Those undertaking this unit would be working under minimal supervision and/or supervising small teams while undertaking financial management tasks. They would perform complex tasks in familiar context.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
