# Assessment Requirements for DEFFOR010 Produce an electronic media image for forensic purposes

**Release: 1**

# Assessment Requirements for DEFFOR010 Produce an electronic media image for forensic purposes

## Modification History

| Release | Comments |
|---------|----------|
| 1 | These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. |

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- using analytical, decision-making and problem-solving skills in response to a range of electronic evidence contexts, including the systematic examination of items of electronic evidence
- applying resource management and time management
- applying exhibit handling skills
- preserving continuity of evidence
- using specialised evidence-recording equipment as required
- collecting, packaging and preserving specific evidence types
- adhering to operational safety
- maximising the potential evidentiary value of the electronic evidence

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- legislative, policy and quality system context
- the range of techniques available for the recording, collection, packaging and preservation of electronic evidence
- required forensic documentation for the recording and collection of electronic evidence
- application and potential limitations of forensic investigative techniques
- roles and functions of other forensic discipline specialists
- WHS

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations, with access to electronic devices with content suitable for forensic extraction including mobile devices, computers or communications equipment.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
