DEFINT016 Log target communications

DEFINT016 Log target communications

Modification History

Release 1. This is the first release of this unit of competency in the DEF Defence Training Package.

Application

This unit specifies the skills and knowledge required to record the details of intercepted target communications.

It includes logging intercepted communications and reporting items of interest.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

This unit applies to Defence persons working in electronic warfare and signals intelligence fields but may be applicable to any persons working in a similar role.

Typically, persons undertaking this unit work independently with indirect supervision, and perform complex tasks in familiar and unfamiliar contexts.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable

Competency Field

Intelligence

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
