Assessment Requirements for DEFMIL116 Operate a shotgun

Release: 1

Assessment Requirements for DEFMIL116 Operate a shotgun

Modification History

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- adopting appropriate firing position
- aiming the shotgun
- applying immediate action and stoppage drills
- applying recognised safety precautions
- conducting weapon drills including:
    - safety precautions
    - degrees of weapon readiness
    - immediate action and stoppage
- firing the weapon
- recognising the limit of own authority

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- characteristics, technical capabilities, effects, employment and limitations of the shotgun and ammunition
- cycle of operation of the shotgun
- degrees of weapon readiness
- marksmanship principles
- safety precautions of the shotgun
- types of targets

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
