Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- characteristics, technical capabilities, effects, employment and limitations of equipment
- cultural awareness
- fire control orders
- navigation techniques
- Rules of Engagement

Assessment Conditions

Competency should be demonstrated over time in a range of contexts that could be expected in the workplace. Competency should be assessed in a simulated operational threat environment. The person should be exposed to the extremes of the operational environment under physical and mental stress. The context of assessment would usually be simulated due to the nature of this high risk environment.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
