DEFRNG017 Develop and maintain training area and range standing orders

Release: 1

DEFRNG017 Develop and maintain training area and range standing orders

Modification History

Release 1. This unit was released in DEF Defence Training Package release 3.0

Application

This unit involves the skills and knowledge required to develop and maintain training area/range standing orders.

It includes the requirement to identify information sources, apply technical knowledge, draft the standing orders, incorporate comments and finalise the development by distributing the final draft.

This unit applies to Defence personnel who work in range management and range control but may be relevant to others who work in this field. Those undertaking this unit would work independently or as part of a team, under indirect supervision, while performing complex tasks, in a small range of familiar contexts. They would use discretion and judgement and take responsibility for the quality of their outputs.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
