DEFRNG018 Monitor and control training area and range visits

Release: 1

DEFRNG018 Monitor and control training area and range visits

Modification History

Release 1. This unit was released in DEF Defence Training Package release 3.0

Application

This unit involves the skills and knowledge required to monitor and control training area and range visits.

It includes the skills required to control access to training area/range where coordination and compliance are required.

This unit applies to Defence personnel who work in range management and range control but may be relevant to others who work in this field. Those undertaking this unit would work independently or as part of a team, under indirect supervision, while performing complex tasks, in a range of familiar and unfamiliar contexts. They would use discretion and judgement and take responsibility for the quality of their outputs.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

Range

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
