# Assessment Requirements for DEFTST004 Evaluate testing

**Release: 1**

# Assessment Requirements for DEFTST004 Evaluate testing

## Modification History

| Release | Comments |
|---------|----------|
| 1 | These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages.<br><br>• Assessment Requirements created drawing upon specified assessment information from superseded unit |

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- analysing and evaluating test evidence
- detailing requirements, writing recommendations and monitoring plans requiring precision of expression
- using management tools suited to the conduct of testing processes

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- legislation, organisational policies and procedures that may impact on the test and evaluation process
- management tools suited to the conduct of testing processes
- principles relating to the evaluation of testing processes
- test and evaluation processes which may be reasonably complex in terms of scope; degree of risk; environmental, political, cultural and social factors that apply; consequences of failure; degree of control

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
