Release: 1

FBPOPR2076 Inspect and sort materials and product

Modification History

Release	Comments
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 6.0.

Application

This unit of competency describes the skills and knowledge required to inspect and sort incoming products and materials, such as fruit or vegetables, ready for processing.

This unit has application in a production environment within a processing industry. Inspection at this level is typically limited to visual inspection.

This unit applies to individuals who work under general supervision.

All work must be carried out to comply with workplace procedures according to state/territory health and safety, environmental regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit
