Application

This unit of competency describes the skills and knowledge required to set up, operate, adjust and shut down a depositing process, to deposit products such as chocolate, dough or toppings into tins, onto belts or directly onto product, where a further processing outcome is usually required.

This unit applies to individuals who work under general supervision in a food processing production environment. It typically applies to the production worker responsible for applying basic operating principles to the operation and monitoring of a depositing process and associated equipment.

All work must be carried out to comply with workplace procedures according to state/territory health and safety, environmental and food safety regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
