FBPPPL3008 Establish compliance requirements for work area

Release: 1

FBPPPL3008 Establish compliance requirements for work area

Modification History

Release	Comments
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 6.0.

Application

This unit of competency describes the skills and knowledge required to establish compliance requirements that apply to work operations in a food processing or production environment.

This unit applies to individuals who are responsible for ensuring compliance requirements are identified for work operations in their area of responsibility, in relation to health and safety, food (or feed) safety, and environmental management.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

People, Planning and Logistics (PPL)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Identify compliance requirements	1.1 Review existing operating procedures and specifications to identify compliance requirements 1.2 Make enquiries within the workplace to identify compliance requirements identified in workplace procedures 1.3 Access information from external organisations and regulatory authorities to determine current compliance requirements 1.4 Assess the purpose and scope of the revised compliance

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
