Application

This unit of competency describes the skills and knowledge required to prepare and ferment a wash for the distillation of spirit made from raw materials such as fruit and vegetables.

This unit applies to workers who have responsibility for overseeing the operations of fermented beverages and the quality assurance requirements associated with those products. It may include supervising the work of others.

Legislative requirements relating to producing alcohol apply to this unit. Users are advised to check current requirements with the Australian Taxation Office, state/territory liquor licensing and health agencies.
