Release: 1

FBP VIT2013 Recognise disorders and identify pests and diseases

Modification History

Release	Comments
Release 1	This version released with FBP Food, Beverage and Pharmaceutical Training Package Version 2.0.

Application

This unit of competency describes the skills and knowledge required to recognise the symptoms and identify the cause of pests, diseases and plant disorders.

The unit applies to individuals who carry out workplace procedures in completing tasks associated with pest and disease control.

All work must be carried out to comply with workplace procedures according to state/territory health and safety regulations, legislation and standards that apply to the workplace.

No occupational licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Viticulture (VIT)
