Qualification Description

This qualification is designed for professionals entering the securitisation sector in specialist job roles. Individuals in these roles have autonomy in performing technical operations, apply solutions to a range of often complex problems, and research, analyse and evaluate information from a variety of sources. They apply initiative to plan, coordinate and evaluate their own work and provide guidance to others.

Licensing/Regulatory Information

No licensing or certification requirements apply to this qualification at the time of publication. However, some units will specify relevant licensing, legislative and/or regulatory requirements that impact on the unit. Refer to the FNS Implementation Guide Companion Volume for guidance on requirements.
