Performance Evidence

Evidence of the ability to:

- access, analyse and compile relevant financial data
- draft comprehensive and accurate reports and financial statements that comply with generally accepted accounting principles.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.
Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- identify and describe the key features of financial legislation covering:
  - taxable transactions
  - reporting requirements
- compare and contrast:
  - ratios and comparison techniques
  - methods of presenting financial data
- describe different methods of calculating depreciation
- describe the key features of organisational guidelines and procedures relating to preparing financial statements for non-reporting entities
- outline the process and principles of double-entry bookkeeping and accrual accounting.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the accounting field of work and include access to:

- common office equipment, technology, software and consumables.

Assessors must satisfy NVR/AQTF assessor requirements.
