Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- apply standard financial analysis techniques and knowledge of an organisation's attitude to risk to identify and assess financial risk
- develop risk management processes that comply with relevant ethical, legislative and organisational requirements
- establish processes to minimise risks based on analysis of financial histories.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- identify and discuss the key ethical considerations for compliance
- explain the key features of financial legislation relevant to financial risk and compliance
- compare and contrast methods of storing, recording and updating financial information and data
- explain the key principles of:
 - internal control, including statutory reporting
 - risk management and budgetary control
- explain organisational structures and lines of management authority.
-

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the accounting field of work and include access to:

- common office equipment, technology, software and consumables
- an integrated financial software system and data.

Assessors must satisfy NVR/AQTF assessor requirements.
