# FNSAML815 Manage assessment of organisation vulnerability to money laundering and terrorism financing

## Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 4.0.

## Application

This unit describes the skills and knowledge required to assess the vulnerability of financial products and services for the use in money laundering and terrorism financing. It addresses the skills and knowledge required to develop and maintain an in-depth knowledge of the financial products and services. It covers the analysis of money laundering and terrorism financing (ML/TF) risk and recommended enhancements to organisational systems to manage vulnerabilities.

The unit applies to individuals who use specialised knowledge and skills to evaluate complex information and compliance requirements and apply to relevant tasks. Individuals typically lead and review organisation wide activities, exercise significant autonomy, responsibility and accountability and contribute to the strategic goals and operations of the organisation. They review, critically analyse, consolidate and synthesise knowledge to generate ideas and provide solutions to complex problems.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Unit Sector

Anti-money laundering and counter terrorism financing
