## FNSFLT202 Develop and use a savings plan

### Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 1.0.

### Application

This unit describes the skills and knowledge required to develop and implement a savings plan to achieve identified goals and includes understanding the role of the savings plan, the risk/return relationship and how to determine appropriate savings vehicles to maximise savings. It has wide application and may be used in workplaces, schools, adult and community learning organisations or registered training organisations to build the financial literacy of learners. The unit may also be used as part of pre-vocational or new apprenticeship programs, or as part of services provided by counselling or advisory organisations.

It applies to individuals who use new ideas and techniques to develop personal financial literacy skills.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Financial literacy
