Assessment Requirements for FNSMCA304 Locate subjects

Modification History

Release	Comments
Release 1	This version first released with FNS Financial Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- interpret and comply with legislative requirements, industry regulations and organisational policy and procedures when locating subjects
- complete relevant documentation in accordance with legal, industry and organisational requirements and guidelines
- identify appropriate mercantile data for relevant information for locating subjects
- conduct a search for a subject
- propose a course of action, or non-action, based on outcomes of searches.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe key requirements of relevant state or territory and Commonwealth legislation relating to locating subjects and mercantile agents
- describe techniques of research to locate subjects
- explain organisational policy and procedures in relation to searching for and locating subjects
- explain the types of field calls that can be made when searching for subjects
- outline relevant mercantile data that would be relevant for locating subjects.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the mercantile agents field of work and include access to:

- office equipment, technology, software and consumables

- relevant legal and industry documentation for process serving.

Assessors must satisfy NVR/AQTF assessor requirements.
