Release 1	This version first released with FNS Financial Services Training Package Version 2.0.

Application

This unit describes the skills and knowledge required to apply appropriate approaches to make informed decisions. It encompasses supporting clients in making decisions as well as applying evidence based approaches to making decisions relating to work activities.

It applies to individuals who use specialised knowledge and apply a range of strategies to ensure informed decisions are made based on sound processes. They work independently and collaboratively to plan, justify and document decisions following organisational requirements.

Work functions in the occupational areas where this unit may be used are subject to regulatory requirements. Refer to the FNS Implementation Guide Companion Volume or the relevant regulator for specific guidance on requirements.
