# **FPISS00032 Skill set for a finger jointing quality control tester**

**Release 1**

## **FPISS00032 Skill set for a finger jointing quality control tester**

### **Modification History**

#### **FPI11 V2**

Primary release with FPI11 Training Package V2

### **Description**

Not applicable.

### **Pathways Information**

These units provide credit towards a number of qualifications including:

FPI30311 Certificate III in Sawmilling and Processing

FPI30511 Certificate III in Timber Manufactured Products

### **Licensing/Regulatory Information**

General workplace legislative and regulatory requirements apply to the units in this skill set; however there are no specific licensing or certification requirements at the time of publication.

### **Skill Set Requirements**

**Units** FPICOR3202B Conduct quality and product care procedures

FPICOR3204B Visually assess materials

FPICOT3208B Test strength of joints

### **Target Group**

This skill set is for people who conduct quality and product care procedures and test strength of joints for finger jointed timber in a forest products factory setting.

## **Suggested words for Statement of Attainment**

These competencies from the FPI11 Forest and Forest Products Training Package meet the industry requirements for monitoring quality of output and following product care procedures in the production of finger jointed timber. These competencies also meet industry requirements to interpret test results used in identifying production problems and necessary changes to processes.

## **Custom Content Section**
