**Release: 1**

# FSKDIG003 Use digital technology for non-routine workplace tasks

## Modification History

Release	Comments
Release 1	This version first released with FSK Foundation Skills Training Package Version 2.0.

## Application

This unit describes the skills and knowledge required to use digital technology to undertake non-routine workplace tasks, such as, operating machinery with computerised settings, entering text into a scanning device, collecting data to construct tables, graphs and charts in a spreadsheet, and measuring, recording and interpreting data using digital equipment.

An individual performing these tasks works independently and uses familiar support resources as needed.

This unit applies to individuals who use, or are preparing to use, digital skills to complete workplace activities. This includes existing workers and individuals preparing for employment through vocational education and training. This unit should be integrated and contextualised with vocational training to support achievement of vocational competency.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Unit Sector

Digital Technology

## Elements and Performance Criteria

Element	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare to use digital technology for non-routine task	1.1 Identify nature and scope of non-routine workplace task that requires the use of digital technology 1.2 Identify purpose of task and set the required outcome 1.3 Select and organise appropriate digital technology required for task

Element	Performance Criteria
	1.4 Locate and interpret routine workplace information and terminology associated with technology, and relevant safety procedures
2. Perform non-routine workplace task using digital technology	2.1 Interpret and follow routine information and instructions from a range of sources to access and use digital technology required for task 2.2 Apply knowledge or skills to adapt instructions to suit changes or requirements in the workplace 2.3 Comply with workplace procedures and security protocols relevant to using digital technology in completing task
3. Finalise task	3.1 Determine and complete shut down or reset of technology in accordance with workplace procedures 3.2 Review performance against required outcomes 3.3 Evaluate and plan ways to improve performance

## Foundation Skills

*This section describes language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.*

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Mapping Information

Supersedes and is equivalent to FSKDIG03 Use digital technology for routine workplace tasks.
