Assessment Requirements for FSKDIG02 Use digital technology for simple workplace tasks

Release: 1

Assessment Requirements for FSKDIG02 Use digital technology for simple workplace tasks

Modification History

Release	Comments
Release 1	This streamlined version first released with *FSK Foundation Skills Training Package version 1.0*.

Performance Evidence

Evidence of the ability to:

- identify and use digital technology appropriate to the task
- complete simple workplace tasks.

Evidence must be collected using tasks typically found in the workplace.

Note: Where a specific volume and/or frequency is not specified, evidence must be provided at least once.

Knowledge Evidence

Evidence of the following knowledge must be demonstrated:

- procedures for accessing and using digital technology.

Assessment Conditions

Assessment texts and tasks reflect those typically found in the workplace.

Advice and support is available if requested.

Culturally appropriate processes and techniques suited to the language, literacy and numeracy capacity of individuals and the work being performed must be used.

Reasonable adjustments can be made to ensure equity in assessment for people with disabilities.

Assessors must satisfy NVR/AQTF assessor requirements, have sound knowledge of the ACSF and have demonstrable expertise in the vocational contextualisation and assessment of digital technology.
