# **Assessment Requirements for FSKNUM07**

## **Locate specific information in highly familiar tables, graphs and charts for work**

**Release: 1**

## Assessment Requirements for FSKNUM07 Locate specific information in highly familiar tables, graphs and charts for work

### Modification History

Release	Comments
Release 1	This streamlined version first released with <i>FSK Foundation Skills Training Package version 1.0</i> .

### Performance Evidence

Evidence of the ability to:

- locate highly familiar information in simple tables
- locate and compare amounts in a simple pictograph, line graph and/or column or bar graph
- locate information in tables by bisecting columns and rows.

Note: Where a specific volume and/or frequency is not specified, evidence must be provided at least once.

### Knowledge Evidence

Evidence of the following knowledge must be demonstrated:

- what a column is
- what a row is.

## **Assessment Conditions**

Assessment texts and tasks reflect those typically found in the workplace.

Advice and support is available.

Culturally appropriate processes and techniques suited to the language, literacy and numeracy capacity of individuals and the work being performed must be used.

Reasonable adjustments can be made to ensure equity in assessment for people with disabilities.

Assessors must satisfy NVR/AQTF assessor requirements, have a sound knowledge of the ACSF and have demonstrable expertise in the vocational contextualisation and assessment of the core skill - numeracy.
