# **Assessment Requirements for FSKNUM18**

## **Collect data and construct routine tables and graphs for work**

**Release: 1**

## Assessment Requirements for FSKNUM18 Collect data and construct routine tables and graphs for work

### Modification History

Release	Comments
Release 1	This streamlined version first released with <i>FSK Foundation Skills Training Package version 1.0</i> .

### Performance Evidence

Evidence of the ability to:

- use appropriate method to collect and collate data
- construct tables and graphs to suit purpose.

Note: Where a specific volume and/or frequency is not specified, evidence must be provided at least once.

### Knowledge Evidence

Evidence of the following knowledge must be demonstrated:

- appropriate use of different kinds of graphs
- simple scales.

## **Assessment Conditions**

Assessment texts and tasks reflect those typically found in the workplace.

Individuals can access own familiar support resources.

Access to calculators or computer software is available as required.

Culturally appropriate processes and techniques suited to the language, literacy and numeracy capacity of individuals and the work being performed must be used.

Reasonable adjustments can be made to ensure equity in assessment for people with disabilities.

Assessors must satisfy NVR/AQTF assessor requirements, have a sound knowledge of the ACSF and have demonstrable expertise in the vocational contextualisation and assessment of the core skill - numeracy.
