# FWPCOT2259 Cut materials with a hand-held chainsaw

## Modification History

| Release   | Comments                                                                              |
|-----------|---------------------------------------------------------------------------------------|
| Release 1 | This version released with FWP Forest and Wood Products Training Package Version 6.0. |

## Application

This unit of competency describes the skills and knowledge required to prepare and cut timber and polymer materials with a hand-held chainsaw. This unit includes preparing for work, cutting materials, maximising volume and quality of recovery material, and performing routine operator maintenance.

The unit applies to individuals who cut materials with a hand-held chainsaw in a variety of work settings, including sawmills, forest product manufacturing facilities, timber yards, horticultural environments, construction, polymer processing and other manufacturing settings.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit

Nil

## Unit Sector

Common Technical (COT)

## Elements and Performance Criteria

| Elements                                         | Performance Criteria                                                                                                                                                                                                                                                                          |

|                                                  | <p>associated with using a hand-held chainsaw</p> <p>1.4 Identify workplace environmental requirements for minimising and disposing of waste material, recycling and reusing materials and cleaning tools and equipment</p> <p>1.5 Consult with team members and other appropriate personnel to ensure that work is coordinated effectively with others in the workplace</p> <p>1.6 Locate hand-held chainsaw and other support equipment needed for the work and check for correct operation and safety</p> <p>1.7 Select, fit and use personal protective equipment</p> <p>1.8 Conduct pre-start-up checks of saw to determine serviceability according to manufacturer instructions</p>                                                                                                                         |
| 2. Cut material                                  | <p>2.1 Assess materials visually to identify defects that may present unsafe work conditions, and review cutting plan</p> <p>2.2 Place cutting supports to ensure a stable base</p> <p>2.3 Cut materials within workplace standard tolerances for length and angle relative to centre line</p> <p>2.4 Use cutting techniques to cut materials to industry standard lengths, maximising volume and quality of recovery material</p> <p>2.5 Operate chainsaw effectively according to manufacturer recommendations</p> <p>2.6 Clear and dispose of debris according to workplace procedures and environmental requirements</p> <p>2.7 Complete production and quality reports according to workplace procedures</p> <p>2.8 Identify processing problems and equipment faults and report to appropriate personnel</p> |
| 3. Perform routine operator maintenance          | <p>3.1 Isolate, clean and maintain chainsaw according to manufacturer recommendations and workplace procedures</p> <p>3.2 Identify blunt or damaged chain, and remove, replace or sharpen and adjust chain according to workplace procedures and manufacturer recommendations</p> <p>3.3 Record and report maintenance activities to appropriate personnel</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

## Foundation Skills

*This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.*

| Skill              | Description                                                                                                                                                                                                                                                          |
