FWPCOT4217 Apply a safety mindset in forestry operations

Release: 1

FWPCOT4217 Apply a safety mindset in forestry operations

Modification History

Release	Comments
Release 1	This version released with FWP Forest and Wood Products Training Package Version 7.0.

Application

This unit of competency describes the skills and knowledge required to apply a safety mindset while working in teams or when working alone, in isolation, remotely or out-of-line-of-sight in forestry operations. This includes the awareness and skills required to positively influence the safety culture of small peer-group teams.

The unit applies to those who have responsibility for leading small work teams in forestry operations.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

The prerequisite unit of competency for this unit is:

- FWPCOR3205 Apply safety, health and environmental requirements in forest and wood products operations

or

- FWPCOR2210 Follow workplace health and safety policies and procedures.

Unit Sector

Common Technical (COT)

Elements and Performance Criteria
