Release 1	This version released with FWP Forest and Wood Products Training Package Version 2.0.

Description

This skill set reflects the role to grade, sort and mark timber materials in a finger-jointing operation.

Pathways Information

These units of competency provide credit towards a number of qualifications, including:

- FWP30316 Certificate III in Sawmilling and Processing
- FWP30516 Certificate III in Timber Manufactured Products

Licensing/Regulatory Information

General workplace legislative and regulatory requirements apply to the units in this skill set; however, there are no specific licensing or certification requirements at the time of publication.

Skill Set Requirements

- FWPCOR3204 Visually assess materials
- FWPCOT2210 Tally material
- FWPCOT3284 Grade, sort and mark timber materials

Target Group

This skill set is for people who grade, sort and mark timber materials in a forest and wood products factory setting that produces finger jointed timber.

Suggested words for Statement of Attainment

These competencies from the *FWP Forest and Wood Products Training Package* meet the industry requirements to visually evaluate material characteristics and features for classification into various strength or appearance grades suitable for the production of finger jointed timber.
