Release: 1

FWPSS00049 Native Forest Operator Skill Set

Modification History

Release	Comments
Release 1	This version released with FWP Forest and Wood Products Training Package Version 7.0. This skill set supersedes and is equivalent to FWPSS00017 Skill set for a native forest operator.

Description

This skill set provides the skills and knowledge required to comply with soil, water, biodiversity and cultural heritage protection requirements and apply silviculture methods in a commercial native forest operation. It also provides the skills and knowledge to follow workplace safety and environmental procedures.

Pathways Information

These units of competency provide credit towards *FWP30121 Certificate III in Forest Operations* from the FWP Forest and Wood Products Training Package.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- FWPCOR2209 Follow environmental protection procedures in forest and wood products operations
- FWPCOR2210 Follow workplace health and safety policies and procedures in forest and wood products operations
- FWPCOT3313 Apply biodiversity protection principles
- FWPCOT3314 Comply with soil and water protection
- FWPCOT3324 Apply cultural heritage protection requirements in forest operations
- FWPSIL3001 Apply sustainable silviculture treatments

Target Group

This skill set is for people wishing to work as a forestry or harvesting technical officer in commercial native forest operations.

Suggested words for Statement of Attainment

These competencies from the FWP Forest and Wood Products Training Package meet the industry requirements for native forest operators.
