Qualification Description

This qualification reflects the role of workers such as non-emergency patient transport officers who provide non-emergency transport and care for patients who have non-acute or chronic illness or disability and require transport. Workers in this role provide appropriate patient assessment, follow procedures for safe removal of a patient for transport for pre-arranged or booked transport service and the time of response is not given high priority in comparison to emergency transport.

*No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.*
Packaging Rules

Total number of units = 13

- 8 core units
- 5 elective units, consisting of:
  - at least 3 units from the electives listed below
  - up to 2 units from the electives listed below, any endorsed Training Package or accredited course – these units must be relevant to the work outcome
