Modification History

Release	Comments
Release 1	This version was released in <i>HLT Health Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages. Change to packaging rules .

Qualification Description

This qualification reflects the role of pharmacy technicians and assistants who provide a range of assistance to pharmacists in hospital and community health settings. This may include pharmacies that are located outside of health services but supply medicines and products to hospitals and other health services.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

Packaging Rules
