**Release 1**

## HLT41115 Certificate IV in Health Care

### Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Change in packaging rules. Minimum work requirement of 80 hours. Supersedes HLT41012</p>

### Qualification Description

This qualification reflects the role of workers who provide initial pre-hospital and out-of-hospital basic health care response and assessment to patients requiring urgent medical services. The provision of urgent clinical care includes providing basic life support. The qualification applies to people working in a variety of roles including ambulance officers, patient transport officers, industrial medics and basic life support medics.

To achieve this qualification, the candidate must have completed at least 80 hours of work as detailed in the Assessment Requirements of units of competency.

*No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.*

## Packaging Rules

Total number of units = 16

- 9 core units
- 7 elective units, consisting of:
  - at least 3 units from the electives listed below,
  - up to 4 units from any endorsed Training Packages or accredited courses – these units must be relevant to the work outcome.

All electives chosen must contribute to a valid, industry-supported vocational outcome.
