Qualification Description

This qualification reflects the role of audiometrists who conduct hearing assessments to identify hearing impairment and take action based on test results. They refer clients for further audiological or medical assessment, and may be involved in care management and education programs. Workers at this level do not prescribe or dispense hearing aids and are not qualified to work as independent practitioners. Audiometrists may work in medical or industrial contexts.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.
