Release 1

HLT51015 Diploma of Paramedical Science

Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Supersedes HLT50412 Diploma of Paramedical Science (Ambulance). Change to packaging rules. Removal of entry requirements. Minimum work requirements of 160 hours</p>

Qualification Description

This qualification reflects the role of pre-hospital and out-of-hospital workers employed by State/Territory ambulance authorities, the Australian Defence Force and the private sector to provide patient assessment, healthcare and transport services. These workers possess clinical skills and theoretical knowledge and provide clinical assessment and pre-hospital and out-of-hospital interventions to patients in an emergency, including providing advanced skills in life support. This qualification applies to a variety of roles including paramedic and emergency medical technician.

To achieve this qualification, the candidate must have completed at least 160 hours of work as detailed in the Assessment Requirements of units of competency.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

Packaging Rules

Total number of units = 17

- 9 core units
- 8 elective units, consisting of:
 - at least 4 units from the electives listed below,
 - up to 4 units from the elective listed below, any endorsed Training Package or accredited course - these units must be relevant to the work outcome

All electives chosen must contribute to a valid, industry-supported vocational outcome.

Core units
