Qualification Description

This qualification reflects the role of a dental technician responsible for construction and repair of dentures and other dental appliances including crowns, bridges, partial dentures, pre- and post-oral and maxillofacial surgical devices, and orthodontic appliances.

Dental technicians work in dental laboratories on their own or in small groups, under the prescription of dentists.

*No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.*

Packaging Rules

Total number of units = 25

- 20 core units
- 5 elective units
  - at least 3 units from the electives listed below
  - up to 2 units from any endorsed Training Package or accredited course – these units must be relevant to the work outcome.

All electives chosen must contribute to a valid, industry-supported vocational outcome.

Core units
