HLT57415 Diploma of Audiometry

Release: 1

HLT57415 Diploma of Audiometry

Modification History

Release	Comments
Release 1	This version was released in <i>HLT Health Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages. Change to packaging rules. Significant changes to core units. Removal of entry requirements.

Qualification Description

This qualification reflects the role of audiometrists who conduct hearing assessments to identify hearing impairment and take appropriate action based on the test results. They may refer clients for further audiological or medical assessment, and be involved in care management and education programs. At this level, audiometrists also prescribe and dispense hearing aids and/or other listening devices to assist in hearing rehabilitation. Audiometrists may work in medical or industrial contexts or as independent practitioners.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

Packaging Rules

Total number of units = 19

- 11 core units
- 8 elective units, consisting of:
 - at least 2 units from the Audiometry units listed below
 - up to 6 units from the electives listed below, any endorsed Training Package or accredited course – these units must be relevant to the work outcome

All electives chosen must contribute to a valid, industry-supported vocational outcome.
