Release 3

HLT64121 Advanced Diploma of Nursing

Modification History

Release	Comments
Release 3	Minor corrections to mapping details. Equivalent outcomes.
Release 2	Minor corrections to formatting to improve readability. Equivalent outcomes.
Release 1	HLT64121 Advanced Diploma of Nursing supersedes and is not equivalent to HLT64115 Advanced Diploma of Nursing.

Qualification Description

This qualification reflects the role of enrolled nurses with advanced skills who work in a specialised area of nursing practice under the direct or indirect supervision of a registered nurse.

Enrolled nurses integrate and adapt specialised, technical and theoretical knowledge to address a diverse range of clinical situations and challenges in their area of specialisation. They contribute to the continuous improvement of clinical practice using research and participation in broader organisational quality processes. Enrolled nurses retain responsibility for their own actions while remaining accountable to the registered nurse for all delegated functions.

To be eligible to apply for registration as an enrolled nurse and to practice in Australia, individuals must complete a Diploma of Nursing program accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and approved as 'an approved program of study' by the Nursing and Midwifery Board of Australia (NMBA) in accordance with the Enrolled Nurse Accreditation Standards. To confirm the education provider holds the necessary accreditation check the Australian Health Practitioner Regulation Agency (AHPRA) at www.ahpra.gov.au.

The scope of practice for enrolled nurses is determined by legislative requirements and the policies and procedures of the employing organisation.

No other licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Entry to this qualification is open to individuals who are currently working in Australia as an enrolled nurse and hold current registration as an enrolled nurse without notation with the Nursing and Midwifery Board of Australia (NMBA) www.nursingmidwiferyboard.gov.au

Packaging Rules

10 units must be completed:

- 3 core units
- 7 elective units, consisting of:
 - units required for 1 specialisation as detailed below.
 - remaining units from the electives listed below, elsewhere in the HLT Health Training Package, or any current Training Package or accredited course.

The selection of electives must be guided by the job outcome sought, local industry requirements and the complexity of skills appropriate to the AQF level of this qualification.

Packaging for each specialisation:

- 5 Group A electives, including HLTENN040, HLTENN055 and HLTENN056, must be selected for award of the Advanced Diploma of Nursing (Acute care).
- All Group B electives must be selected for award of the Advanced Diploma of Nursing (Aged care and individual support work).
- All Group C electives must be selected for award of the Advanced Diploma of Nursing (Critical care).
- 5 Group D electives, including CHCMHS005, CHCMHS006 and HLTENN063, must be selected for award of the Advanced Diploma of Nursing (Mental health).
- All Group E electives must be selected for award of the Advanced Diploma of Nursing (Perioperative).
- All Group F electives must be selected for award of the Advanced Diploma of Nursing (Renal care).
- 5 Group G electives, including HLTENN040, HLTENN048 and HLTENN064, must be selected for award of the Advanced Diploma of Nursing (Rural and remote).
- 5 Group H electives, including CHCCSM002, CHCDIS003, and HLTENN047, must be selected for award of the Advanced Diploma of Nursing (Community and primary health care).

All electives chosen must contribute to a valid, industry-supported vocational outcome.

Note: Unit marked with an asterisk * includes prerequisite units of competency. Refer to unit of competency for prerequisite requirements.

Core units

-----------	------------

HLTENN052	Provide advanced clinical assessment
-----------	--------------------------------------

HLTENN065	Research and report on nursing trends and practice
-----------	--

HLTENN066	Contribute to quality improvement for advancement of clinical practice
-----------	--

Elective units

Group A electives – ACUTE CARE specialisation**Unit code Unit title**

- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTENN049 Apply nursing practice in the orthopaedic care setting
- HLTENN050 Apply nursing practice in the rehabilitation care setting
- HLTENN055 Apply nursing practice in the respiratory care setting
- HLTENN056 Apply nursing practice in the cardiovascular care setting
- HLTENN057 Contribute to the nursing care of a person with diabetes
- HLTENN060 Apply nursing practice in the paediatric care setting
- HLTENN067 Apply, implement, and monitor nursing care in a contemporary paediatric setting
- HLTENN068 Provide end-of-life care and a palliative approach in nursing practice

Group B electives – AGED CARE AND INDIVIDUAL SUPPORT specialisation**Unit code Unit title**

- CHCAGE005 Provide support to people living with dementia
- CHCCSM002 Implement case management practice
- CHCDIS010 Provide person-centred services to people with disability with complex needs
- HLTENN061 Apply nursing practice in contemporary aged care settings

Group C electives – CRITICAL CARE specialisation**Unit code Unit title**

- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTENN048 Apply nursing practice in the emergency care setting
- HLTENN053 Apply nursing practice in the critical care setting
- HLTENN055 Apply nursing practice in the respiratory care setting
- HLTENN056 Apply nursing practice in the cardiovascular care setting

Group D electives – MENTAL HEALTH specialisation**Unit code Unit title**

- CHCCCS003 Increase the safety of individuals at risk of suicide
- CHCCCS019 Recognise and respond to crisis situations
- CHCCSM002 Implement case management practice
- CHCMHS005 Provide services to people with co-existing mental health and alcohol and other drugs issues
- CHCMHS006 Facilitate the recovery process with the person, family and carers
- HLTENN063 Apply nursing practice in the contemporary mental health care settings

Group E electives – PERIOPERATIVE specialisation**Unit code Unit title**

- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTENN055 Apply nursing practice in the respiratory care setting
- HLTENN056 Apply nursing practice in the cardiovascular care setting
- HLTENN058 Apply nursing practice in the perioperative care setting
- HLTINF003 Implement and monitor infection prevention and control policies and procedures

Group F electives – RENAL CARE specialisation**Unit code Unit title**

- CHCCSM002 Implement case management practice
- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTINF003 Implement and monitor infection prevention and control policy and procedures
- HLTRNL003 Contribute to the nursing care of a person with renal impairment
- HLTRNL004 Apply renal replacement therapy

Group G electives – RURAL AND REMOTE specialisation**Unit code Unit title**

- CHCMHS005 Provide services to people with co-existing mental health and alcohol and other drugs issues
- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTENN046 Contribute to maternal and infant health care
- HLTENN047 Apply nursing practice in the primary health care setting
- HLTENN048 Apply nursing practice in the emergency care setting
- HLTENN064 Apply nursing practice in the rural and remote setting

Group H electives – COMMUNITY AND PRIMARY HEALTH CARE specialisation**Unit code Unit title**

- CHCCSM002 Implement case management practice
- CHCDIS003 Support community participation and social inclusion
- CHCMHS005 Provide services to people with co-existing mental health and alcohol and other drugs issues
- HLTENN039 Apply principles of wound management
- HLTENN040 Administer and monitor medicines and intravenous therapy
- HLTENN047 Apply nursing practice in the primary health care setting
- HLTENN068 Provide end of life care and a palliative approach in nursing practice

Other electives

Unit code Unit title

- CHCAOD004 Assess needs of clients with alcohol and other drugs issues
- CHCAOD005 Provide alcohol and other drugs withdrawal services
- CHCAOD008 Provide advanced interventions to meet the needs of clients with alcohol and other drugs issues

CHCCCS014	Provide brief interventions
CHCCSM005	Develop, facilitate and review all aspects of case management
CHCDIS006	Develop and promote positive person-centred behaviour support
