New evidence requirements for assessment, including volume and environment requirements</p>

Application

This unit describes the required skills and knowledge to meet project management responsibilities within particular community health programs either in relation to a particular task, or within the context of broad management responsibilities.

This unit applies to senior Aboriginal and/or Torres Strait Islander Health Workers overseeing clinical aspects of the delivery of primary health care services and/or managing the overall delivery of primary health care services and programs to Aboriginal and/or Torres Strait Islander clients and communities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Elements and Performance Criteria

ELEMENT

PERFORMANCE CRITERIA

Elements define the essential outcomes.

Performance criteria specify the level of performance needed to demonstrate achievement of the element.

1. Plan a community health project

1.1 Consult key community stakeholders to determine community needs in planning the project

1.2 Develop project proposals/submissions in response to community consultation

1.3 Include consultation with key community stakeholders in project planning processes

1.4 Ensure project plans are in line with community, organisation and legislative requirements

2. Prepare action plan

2.1 Ensure project plan identifies required actions and resources

2.2 Document plan and discuss with other workers

2.3 Identify project risks and assess likelihood and impacts

3. Implement and evaluate project

3.1 Follow project plan and review in operation to address identified community needs

3.2 Ensure community is kept informed of progress on the project

3.3 Discuss project outcomes with supervisors and the community

3.4 Reflect on project recommendations with the supervisor and community

3.5 Document project outcomes

3.6 Evaluate project outcomes and document results

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

No equivalent unit.
