Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Removed public safety elements from this unit.</p> <p>Significant changes to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements.</p> <p>Supersedes HLTAMBSC401B</p>

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- managed 1 routine non-emergency scene including:
 - taken appropriate measures to ensure safety
 - identified hazards, real or potential, where there are risks to participants or bystanders
 - minimised risk by enlisting hazard reduction agents
 - made decisions to ensure rapid and safe access and egress
 - used available resources.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- command, control and coordination responsibilities – working knowledge
- how to evaluate management strategies used in routine non-emergency activities
- hazards and potential hazards at a scene and their effect on safe access and egress
- relevant policies and procedures relating to non-emergency management, including:
 - organisation policies and procedures
 - allied service procedures
 - State/Territory policies and procedures

- relevant current national standards such as:
 - Australian Emergency Management Handbook Series
 - National Emergency Risk Assessment Guidelines
 - Australian/New Zealand Standard AS/NZS ISO 31000:2009 Risk management – Principles and guidelines
 - National Safety and Quality Health Service (NSQHS) Standards
 - Australian guidelines for the prevention and control of infection in healthcare (2010).

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions. The following conditions must be met for this unit:

- use of suitable facilities, resources and equipment as per local governing body including:
 - vehicle or equipment
 - personal protective equipment
 - organisation policies and procedures on which the candidate bases the planning process.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
