Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated clinical environment that reflects workplace conditions. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - Ayurvedic base, essential and herbal oils, herbal pastes and powders and equipment to process, decant, mix, stir, measure, apply, remove and dispense the same
 - suitable droni, massage table where these therapies may be provided
 - shiridhara and other snehna therapy equipment
 - Ayurvedic reference texts and notes on therapies and products used
- modelling of industry operating conditions, including provision of services to the general public
- clinic supervision by a person who meets the assessor requirements outlined below

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.

In addition, assessors must:

- have at least 3 years current clinical experience working as an Ayurvedic practitioner providing services to the general public
- hold practising membership of an Australian professional body that represents Ayurvedic practitioners
- fulfil the continuing professional development requirements of the professional body to which they belong
