Assessment Requirements for HLTDEN012 Take an impression for study models

Release: 1

Assessment Requirements for HLTDEN012 Take an impression for study models

Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Minimal changes to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements.</p> <p>Removal of pre-requisites</p> <p>Supersedes HLTDA415B</p>

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has undertaken 10 impression procedures for study models ensuring patient safety.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete the tasks outlined in elements and performance criteria of this unit, manage the task and manage contingencies in the context of the work role. This includes knowledge of:

- national and State/Territory legal and ethical requirements and considerations for dental assisting work including:
 - codes of practice
 - discrimination
 - duty of care
- informed consent and statutory requirements of consent
- practice standards – dental guidelines on infection control
 - privacy, confidentiality and disclosure
 - records management
 - work role boundaries – responsibilities and limitations
 - work health and safety
- fundamental oral anatomy:
 - dentition, arrangement of the teeth, naming and coding of teeth

- structures of the oral cavity, hard and soft palate, lateral and posterior borders of the oral cavity, tongue and floor of the mouth
- teeth form and function
- principles and practices which underpin interpersonal communication
- principles of quality assurance and work effectiveness
- rationale and objectives for the taking of impressions for study models
- impression materials suitable for creating impressions for study models
- appropriate responses to patient's reactions during impression taking procedure.

Assessment Conditions

Skills must have been demonstrated in the dental clinic workplace with the addition of simulations and scenarios where the full range of contexts and situations cannot be provided in the workplace. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources including:
 - dental chair and unit
 - impression material and equipment
 - syringe suitable for saliva removal
 - materials and mixing equipment
 - operator and assistant personal protective equipment
 - waste disposal equipment
 - Dental Board of Australia guidelines on infection control on which the candidate bases the planning process
- modelling of industry operating conditions including access to real people for simulations and scenarios in dental assisting work.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.

In addition, assessors must hold a minimum of 5 years clinical experience in dental assisting work.
