**Assessment Requirements for HLTDEP006
Insert and issue a completed removable
dental prosthesis**

Release: 1

Assessment Requirements for HLTDEP006 Insert and issue a completed removable dental prosthesis

Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Minimal changes to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements.</p> <p>Removal of pre-requisites.</p> <p>240 work placement hours</p> <p>Supersedes HLTDP606D</p>

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has completed the following tasks:

- performed the activities outlined in the performance criteria of this unit during a period of at least 240 hours of work in a clinical dental workplace environment
- followed procedures to ensure the safety of 4 patients during preparation, insertion and removal of completed prosthesis
- assessed the functional and aesthetic acceptability for at least 4 patients including:
 - 2 complete maxillary and mandibular dentures
 - and any 4 dentures of the following, 2 of which must be partial dentures:
 - complete maxillary or mandibular denture opposing partial maxillary or mandibular denture
 - opposing partial maxillary and mandibular dentures
 - partial maxillary or mandibular denture opposing natural dentition
- assessed the functional and aesthetic acceptability for at least 1 patient for one of the following:
 - relines or rebases
 - repairs and/or additions to existing dentures.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively do the task outlined in elements and performance criteria of this unit, manage the task and manage contingencies in the context of the work role. This includes knowledge of:

- Australian/New Zealand Standards, workplace health and safety (WHS) policies, Dental Board of Australia guidelines on infection control, Commonwealth and State/Territory legislation, and organisation policies relating to dental prosthetics work
- rationale and objectives for insertion of completed prostheses
- how to use equipment and materials required to adjust and evaluate the fitting of removable dental prosthesis including aesthetics, phonics and comfort
- ethical principles and legal responsibilities involved in the provision of dental care
- dental practice or organisation policy and procedures, including registration standards and guidelines.

Assessment Conditions

Skills must have been demonstrated in the dental workplace with the addition of simulations and scenarios where the full range of contexts and situations cannot be provided in the workplace. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources including:
 - dental clinic
 - de-identified dental and medical records and charts for scenarios
 - personal protective equipment
 - Dental Board of Australia guidelines on infection control on which the candidate bases the planning process
- modelling of industry operating conditions including access to real people for simulations and scenarios of prosthetic procedures.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
