**Assessment Requirements for HLTENN044
Implement and monitor care for a person
with chronic health conditions**

Release: 2

Assessment Requirements for HLTENN044 Implement and monitor care for a person with chronic health conditions

Modification History

Release	Comments
Release 2	Release 2 HLTENN044 Implement and monitor care for a person with chronic health conditions supersedes and is equivalent to Release 1 HLTENN044 Implement and monitor care for a person with chronic health conditions. Updated: Mapping details and minor corrections.
Release 1	HLTENN044 Implement and monitor care for a person with chronic health conditions supersedes and is not equivalent to HLTENN012 Implement and monitor care for a person with chronic health problems and HLTENN005 Contribute to nursing care of a person with complex needs.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- analyse health information and clinical presentation of two persons, at least one must be Aboriginal and Torres Strait Islander
- perform nursing interventions in the workplace contributing to the support of two people who have chronic health conditions

The tasks must be undertaken in accordance with the Nursing and Midwifery Board of Australia (NMBA) professional practice standards, codes and guidelines.

Knowledge Evidence

Demonstrate knowledge required to complete tasks outlined in elements and performance criteria of this unit:

- broad context for chronic disease:
 - role of World Health Organization (WHO) in the management and prevention of chronic disease
 - Australian health priorities for chronic disease and prevention
 - common chronic health conditions in Australia

- Australian health priorities for chronic disease and prevention in Aboriginal and Torres Strait Islander people
- impacts of chronic disease:
 - social
 - emotional
 - physical
 - psychological
 - financial
- rehabilitation strategies and equipment used for treatment of chronic health conditions:
 - physiotherapy
 - diabetic support
 - occupational therapy
 - hydrotherapy
 - complementary therapies
 - ambulatory aids
 - prosthetic devices
- chronic health conditions:
 - renal disorders
 - gastrointestinal disorders
 - neurological disorders
 - respiratory disorders
 - cardiovascular disorders
 - integumentary disorders
 - central nervous system disorders
 - musculoskeletal disorders
 - reproductive disorders
 - sensory disorders
 - endocrine disorders
- techniques for performing nursing interventions
- strategies to address and manage chronic disease in the relevant work context:
 - prevention
 - use of treatments
 - principles of and practices for person-focused nursing practice
 - maintenance of positive life roles
 - behavioural changes
 - stages of change to establish readiness for attitudinal and behavioural change
 - principles of optimal restorative, palliative and end of life care
- role of Congress of Aboriginal and Torres Strait Islander Nurses and Midwives (CATSINaM)
- Aboriginal and Torres Strait Islander health and principles of cultural safety.

Assessment Conditions

To be eligible to apply for registration as an enrolled nurse and to practice in Australia, each applicant must complete a Diploma of Nursing program accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and approved as ‘an approved program of study’ by the Nursing and Midwifery Board of Australia (NMBA) in accordance with the Enrolled Nurse Accreditation Standards.

For more detail visit <https://www.ahpra.gov.au>.

Skills must be demonstrated in the workplace or in a simulated environment as specified in the performance evidence that model industry operating conditions including access to real people for simulations and scenarios in enrolled nursing work.

Assessors must satisfy the Standards for Registered Training Organisations’ requirements for assessors.

Assessors must also hold current registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA).
