HLTENN053 Apply nursing practice in the critical care setting

Modification History

Release	Comments
Release 2	Release 2 HLTENN053 Apply nursing practice in the critical care setting supersedes and is equivalent to Release 1 HLTENN053 Apply nursing practice in the critical care setting. Updated: Mapping details and minor corrections.
Release 1	HLTENN053 Apply nursing practice in the critical care setting supersedes and is equivalent to HLTENN021 Apply nursing practice in the critical care setting.

Application

This unit describes the performance outcomes, skills and knowledge required to practise within the critical care setting.

Enrolled nurses working in critical care nursing hold and apply specialised in-depth knowledge, integrate theory and practice and make reliable clinical assessments and judgements.

This unit applies to enrolled nurses, registered with the Nursing and Midwifery Board of Australia (NMBA), seeking specialisation in enrolled nurse work that is carried out in consultation and collaboration with registered nurses, and under direct or indirect supervisory arrangements aligned to the NMBA regulatory authority legislative requirements.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian Standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Pre-requisite Unit
