**Release: 1**

# Assessment Requirements for HLTOHC001 Recognise and respond to oral health issues

## Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Significant changes to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements.</p>

## Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- performed a visual oral health check on 5 patients, including:
  - identified any signs and symptoms related to oral health care issues
  - gathered relevant information from visual check and questioning to initiate appropriate follow up oral health care
  - used appropriate manual handling techniques when working with patients with special care needs or mental health condition

## Knowledge Evidence

The candidate must demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- basic anatomy and physiology underpinning oral health, including what is considered healthy and unhealthy
- patient behaviour and habits which contribute to oral health issues
- causes and prevention of tooth decay, gum disease and tooth wear, including erosion, abrasion and attrition.
- effective self-care practices for oral health including cause, control and prevention of dental plaque
- state/territory and national government policy and programs and reporting processes for oral health

- accessibility to services, including availability of private and public oral health services, including eligibility for services
- role of oral health professionals
- factors that impact on oral health, including:
  - abuse (neglect of oral health needs)
  - access to dental and health services
  - alcohol, licit and illicit drugs and substances, over the counter and herbal treatments
  - correct infant feeding practices
  - damage from habitual grinding of teeth
  - diet and nutrition, including fluids and excessive intake of sugar
  - fluoride
  - general health and wellbeing
  - immunosuppressant conditions, HIV, chemotherapy and radiation
  - injury to mouth, such as from a seizure
  - medical history
  - oral piercings
  - patient oral health information
  - presence of plaque and calculus
  - psychological issues, such as fear of being seen without dentures or persisting with ill-fitting dentures for satisfaction of others
  - salivary function
  - smoking
  - social and cultural determinants of health
  - susceptible tooth surfaces
  - transmission of bacteria particularly from family/carer to child
  - teeth misalignment causing trauma to teeth
  - trauma to mouth as a result of an accident
- healthy eating recommendations as identified in the *National health and medical research council's (NHMRC) Australian dietary guidelines*

## Assessment Conditions

Skills and knowledge must be demonstrated in the workplace with the addition of simulations and scenarios where the full range of contexts and situations cannot be provided in the workplace or may occur only rarely.

The following aspect of the performance evidence must have been demonstrated using 10 simulation scenarios prior to demonstration in the workplace or with members of the general public:

- performing a visual oral health check

**The following conditions must be met for this unit**

- use of suitable equipment and resources, including:
  - appropriate personal protective equipment (PPE)
  - *Dental board of Australia – dental guidelines* on infection control on which the candidate bases the planning process
- modelling of industry operating conditions, including access to people for the simulated scenarios

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
