**Assessment Requirements for HLTPOP013
Contribute to the implementation of a
disaster plan**

Release: 1

Assessment Requirements for HLTPOP013 Contribute to the implementation of a disaster plan

Modification History

Release	Comments
Release 1	<p>This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Title change. Minor changes to the elements and performance criteria. New evidence requirements for assessment, including volume and frequency requirements. Minor changes to knowledge evidence.</p> <p>Supersedes HLTPOP322C</p>

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in the elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- implemented an existing disaster plan to respond to at least 2 different types of disasters, including collaborating with colleagues and other stakeholders to access effectiveness of implementation and identify and document improvements to the plan.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in the elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- types of disasters, including:
 - floods
 - cyclones
 - nuclear
 - fires
 - riots
 - earthquakes

- disaster plans and planning strategies and processes
- legal and organisational requirements relating to implementing a disaster plan, including:
 - local, state and territory agencies relevant to the implementation disaster plan
 - roles and responsibilities of key people
 - points of contact to assist with the implementation of disaster plan which are outside own area of responsibility
 - scope of own role and responsibilities
 - lines of communication and authority relevant to own role
- group facilitation, negotiation and problem solving techniques
- local networks and community organisations, including:
 - state or territory health departments
 - police and other emergency services
 - social security
 - local government
 - non-government organisations
 - service providers
 - community groups
- why community participation and control in decision-making is essential to all aspects of health work, and the role of the health worker in supporting the community in this process.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including disaster plans and equipment outlined in the plan
- modelling of standard industry operating conditions and contingencies.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
